ScripType Publishing Inc.

Service Directory

Keep your name and contact information in front of local readers.

A Service Directory listing is an economical way for service businesses to maintain a presence in ScripType magazines. It gives readers a concise description of your services and the information they need to contact you.

A listing can complement a display advertising program or provide a lower-cost advertising option.

Keep your listing focused

Each listing includes your company name plus four lines of information. Each of those four lines may contain up to 50 characters, including spaces.

Use the available space for the services and contact information most useful to prospective customers. A clear, specific description helps readers understand what you offer.

Here are some example listings:

Choose your communities

You may place your listing in one or more ScripType magazines. Choose the communities most relevant to your business, or combine publications for broader coverage.

The monthly cost per magazine decreases as you add publications. See Ad Sizes & Rates for current prices.

How the listing schedule works

Listings begin with a six-month term and renew every three months until cancelled. You are billed for the initial six months, then quarterly.

Contact ScripType when you want to discontinue your listing.

Get started

Send us your company name, the wording and contact information you want included, and the magazines where you would like the listing to appear.
